

FEATURED PROJECT

PERMASHIELD 2000 FAST CURE High Build Polyurethane

Permashield 2000 is a two component, 100% solids high build fast cure polyurethane. This coating provides a beautiful high gloss finish that can be tinted to any color and used as interior or exterior finish for same day return to service.

Common applications for Permashield 2000 include warehouses, garages, parking structures, museums, food processing facilities, mass transit centers, etc.

Project Name:

LAX Hilton Parking Structure
Los Angeles, CA

Supplier:

Sherwin Williams Paint

Applicator:

Affinity Painting
Mario Abad

Completion Date:

July 2017

Coating System:

Primer: Monochem 21

- 100% Solids Epoxy Primer
- 4 mils DFT

Topcoat: Permashield 2000

- 100% Solids Polyurethane
- 12+ mils DFT

FEATURES:

- Same Day Return to Service:
 - 5 hours for dry time for foot traffic, 20-24 hours for vehicular traffic
- Universally Compliant
- Zero HAPs, Low VOC
- Environmentally Friendly
- Superior Durability
- Low Odor
- USDA Acceptable
- High Tensile Strength
- Recoatable
- Solvent Free
- Top Tier Chemical, Abrasion, UV and Hot Tire Resistance
- Maximum Bond to Concrete, Existing Coatings, Wood, Metal, etc.
- Available in Clear or Colors
- Warranties are Available
