FEATURED PROJECT

Permashield 100

Multi-Purpose Acrylic-Urethane Floor & Wall Coating

PERMASHIELD 100 is a one-component, water-based, cross-linked acrylic/urethane coating. It exhibits outstanding resistance to harsh environmental conditions, and has exceptional film hardness. PERMASHIELD 100 is elastomeric and displays superior resistance to impacts, abrasion, corrosion, UV exposure, hot tire pick-up and household stains and chemicals.

Project Name: Residential Basketball Court

Applicator: Twins Painting

Completion Date: September 2019

Coating System:

Primer/Top Coat:

Monobond
Permashield 100

FEATURES:

- Universally Compliant
- Hot Tire and UV Resistant
- Anti-Microbial
- USDA Acceptable
- Available in Clear or Colors , Semi-Gloss & Low-Gloss
- Superior Block Resistance and Film Hardness
- Outstanding Resistance to Dirt Pick-up, Staining & Scrubbing
- Excellent Scrub Resistance and Adhesion
- Resistant to Chemicals including Chlorine
